-

WORK EXPERIENCE

Web Application Developer, uCertify

Feb 2023 - Present

- Played a key role in enhancing the uCertify platform by addressing and improving its functionality. Worked on refining the system and ensuring optimal performance over a two-year tenure.
 - Successfully migrated the entire website from Bootstrap 4 to Bootstrap 5.3, achieving a 30% increase in page load speed and leveraging the latest features for a seamless user experience.
 - Automated the catalog mapping process by integrating AI with Pinecone, reducing manual effort by 95%.
 - Designed and implemented innovative interactive modules, including Hardware Lab, Sandbox for Virtual Labs, and SCORM, used by over 10,000 learners monthly.
 - Enhanced the UI and functionality of 20+ modules.
 - Developed an AI Auto Create Tool, automating the generation of diverse question types and improving content creation efficiency by 50%.
 - Collaborated with Google's core team on an AI-driven project, creating an advanced version of the AI Auto Create Tool, which processes entire books to generate questions, slides, and videos, reducing manual content creation time by 70%.
-
